A. WHO WE ARE...

Homai - The best little school with a BIG heart in REWA!

Homai is a Primary School situated in Manurewa, South Auckland, catering for New Entrants - Year 6 students.

Homai School was opened on April 13th 1955, being the second state school built in Manurewa. The land was gifted by the local iwi, and it is in this spirit of "Giving" that Homai is founded and named.

We are a very diverse, multicultural inclusive school that caters to the learning and wellbeing of all learners, (students, teachers, support staff, whanau).

Our local Tupuna Tamapahure and Tamapahore are well known throughout our school community and we use their enriched stories to promote a strong sense of belonging, identity, pride and connection to our rohe and Tangata Whenuatanga.

Through this process, we are able to share one another's unique stories and cultural experiences, building stronger connections, partnerships and relationships.

We highly value our school learning community and its uniqueness, acknowledging, embracing and celebrating a learning **CULTURE** that **COUNTS!**

We seek to give all our learners the opportunity to succeed and have their success celebrated, by providing optimal learning and wellbeing conditions for all!
